Distribution of Booklets

These booklets are distributed direct to qualified paying agents by the Bureau of the Public Debt. Paying agents may obtain additional booklets from the Federal Reserve Bank or Branch to which they send paid bonds. The Federal Reserve Bank or Branch should be notified of any change in the number of booklets required on a regular basis. The public generally may be advised that copies of the booklet may be purchased from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

Series A–D Bonds

All bonds of Series A, B, C, and D have matured and the redemption value of each bond of these series is the face amount printed on the bond.

General Information

1. Bonds of all series should show an impression of the issuing agent's dating stamp.
2. All bonds must show an issue date. The issue date appears in the upper right section on the face of each Series E bond and is used in determining the redemption value of the bond. Such issue date should not be confused with the date appearing in the issuing agent's dating stamp, which should not be used to determine redemption value.
3. All **Series E** bonds do not increase in value on the same basis. The term of maturity and yield have been revised several times. This accounts for the fact that older bonds may have less redemption value than newer bonds. The redemption values and investment yields are fully shown in the tables attached to Treasury Department Circular No. 653, current revision. If there is any question as to the accuracy of any figure in any of the tables in this booklet, the figure may be verified with the appropriate table attached to the Department Circular.
4. All **Series E** bonds bearing issue dates of April 1, 1952, and prior, matured 10 years after the issue date; Series E bonds bearing issue dates from May 1, 1952, through January 1, 1957, matured 9 years, 8 months after the issue date; Series E bonds bearing issue dates from February 1, 1957, through May 1, 1959, matured 8 years, 11 months after the issue date; Series E bonds bearing issue dates from June 1, 1959, through November 1, 1965, matured 7 years, 9 months after the issue date; Series E bonds bearing issue dates from December 1, 1965, through May 1, 1969, mature 7 years after the issue date; Series E bonds bearing issue dates from June 1, 1969, through November 1, 1973, mature 5 years and 10 months after the issue date; and Series E bonds bearing issue dates on or after December 1, 1973, mature 5 years after the issue date. **All Series E bonds bear the optional extension privilege** described in Treasury Department Circular No. 653, current revision, under which the owners have the privilege of retaining the bonds after maturity and earning interest thereon.
5. The current redemption values of matured and extended **Series E** bonds are shown on each monthly table in this booklet. Each amount represents the redemption value of a single bond. To determine the total redemption value of more than one bond of the same denomination and issue date, multiply the redemption value for that denomination and issue date by the number of bonds.
6. AFTER A BOND HAS BEEN CASHED, IT CANNOT BE REINSTATED FOR EXTENSION.
7. Paying agents may not pay **Series H** bonds under any circumstances.
8. The portraits on savings bonds (bicentennial bonds in parentheses), by denominations, are:

$10—Benjamin Franklin.[1] **$25—George Washington.(Independence Hall)** **$50—Thomas Jefferson.(Liberty Bell)** **$75—John F. Kennedy.(Spirit of '76)**[2]. **$100—Grover Cleveland.(Valley Forge)** **$200—Franklin D. Roosevelt.(Paul Revere)**[3] **$500—Woodrow Wilson.(Washington)** **$1,000—Abraham Lincoln.(Declaration of Independence)** **$10,000—Theodore Roosevelt.**[4]

[1] June 1, 1944, is earliest authorized issue date for Series E bonds of $10 denomination, and March 1, 1950, is the last authorized issue date for bonds of this denomination.
[2] May 1, 1964, is earliest authorized issue date for Series E bonds of $75 denomination.
[3] October 1, 1945, is earliest authorized issue date for Series E bonds of $200 denomination.
[4] May 1, 1952, is earliest authorized issue date for Series F bonds of $10,000 denomination.

Suggestions for Paying Agents to Reduce the Number of Adjustments:

Payment of Bonds

1. ALWAYS USE CURRENT MONTHLY TABLE AND DESTROY OLD TABLES.
2. DO NOT PAY—
   (a) Bonds less than 2 months old.
   (b) Bonds inscribed in names other than individuals.
   (c) Beneficiaries named in inscription.
   (d) Bonds where month and year of issue are not clear.
   (e) Mutilated or defaced bonds or those which, for any reason, do not appear to be genuine.
   (f) Bonds requiring legal evidence to redeem.
3. SHOW CLEARLY ON EACH BOND THE IMPRINT OF PAYMENT STAMP AND AMOUNT PAID.

Batching Redeemed Bonds and Notes

1. Each transmittal letter (Form PD 2639) should contain only those Series E Bonds and/or Savings Notes paid in the SAME CALENDAR MONTH.
2. Series A-E Paper Bonds should be batched separately from card bonds and notes, and forwarded under cover of separate transmittal letters. Agents should insure that each transmittal letter is appropriately marked CARD or PAPER and attached to the appropriate bonds.
3. Series E Card Bonds and Savings Notes redeemed in the SAME CALENDAR MONTH may be included in the same transmittal letter.

For detailed information refer to Department of the Treasury Circular No. 750, Current Revision, and the Memorandum of Instructions issued in conjunction therewith, and the Identification Guide for Cashing United States Savings Bonds, Form PD 3900, dated October 1, 1971.

United States Savings Notes (Freedom Shares)

These tables do **not** contain the redemption values of United States Savings Notes (Freedom Shares). Separate redemption value tables are provided for the notes.

Department of the Treasury's Instructions to Paying Agents

NOTE: The following material has been excerpted from the memorandum of instructions issued in conjunction with Department of the Treasury Circular No. 750, current revision, the "Regulations Governing Payment by Banks and Other Financial Institutions of United States Savings Bonds and United States Savings Notes (Freedom Shares)." Both the circular and the complete memorandum were published in 33 Federal Register 15826, et seq., October 25, 1968. Copies thereof are available, upon request, from the Bureau of the Public Debt, Department of the Treasury, Washington, D. C. 20226. It should be noted that in the interest of orderly presentation, minor editorial changes have been made. The references to the Department's identification guidelines have also been updated to show the current issuance.

RESPONSIBILITIES OF PAYING AGENTS

General. A financial institution which is a qualified paying agent is obliged to cash Series E savings bonds and savings notes (Freedom Shares) for any presenter, whether or not a customer, during its regular business hours (but not during evening and Saturday hours, if open during such periods primarily as a service for its own customers), in accordance with Department of the Treasury Circular No. 750, current revision, these instructions, and the Department's "Identification Guide for Cashing United States Savings Bonds," dated October 1, 1971. An agent **must not** advance money on, make loans on, or discount the redemption values of the securities, nor in any manner assist others in doing so. It shall also make NO CHARGES for redemption. VIOLATION OF THE DEPARTMENT'S POLICY, AS SET FORTH ABOVE, WILL BE CAUSE FOR DISQUALIFICATION.

Payment to presenter. Payment may be made only to an individual who (i) presents the security and establishes his identity as the person **named** thereon as **owner** or **coowner**, and (ii) signs the request for payment in the presence of an officer or authorized employee of the paying agent. An agent may accept securities for payment by mail, or otherwise, from known depositors, provided each such depositor is also the owner requesting payment. In such cases the agent should be satisfied that the signature to the request for payment is that of the "owner-depositor," and should have written instructions from him to credit the proceeds to his checking, savings or share account, or to make other disposition thereof. For the agent's protection such instructions should be retained.

Examination of security. Upon its presentation for redemption or for redemption-exchange, each agent should examine the security to establish the following:

(i) That it is not less than two months old;
(ii) It is presented by an owner or coowner (not by a beneficiary) or a parent on behalf of a minor owner or coowner not of sufficient competency and understanding to comprehend the nature of the act;
(iii) No documentary evidence is required to redeem it;
(iv) It is not presented by anyone acting under a power of attorney;
(v) It is not in the name of a corporation, association partnership, guardian, administrator, trustee or other fiduciary;
(vi) The presenter's name, as it appears on the security, has not been changed in any manner other than by marriage;
(vii) The presenter, to the knowledge of the agent, has not been declared, according to law, to be incompetent to manage his estate;
(viii) Its issue date is legible;
(ix) It has not been mutilated and does not bear material irregularities, such as altered, illegible, incomplete or unauthorized inscriptions; and
(x) It is not a Series F, G, H, J or K bond.

If the agent assumes full responsibilty therefor, it may make payment, because of its knowledge of the facts or because it wishes to rely on the integrity of the owner, of any eligible security which bears a minor irregularity, such as a misspelling of a name, a transposition of letters, etc. Otherwise, securities which do not meet the above standards should be forwarded to the Federal Reserve Bank.

Identification of presenter.

(a) **Identification guide.** The Department of the Treasury has issued an "Identification Guide for Cashing United States Savings Bonds," dated October 1, 1971, for use by paying agents in redeeming securities, which, if followed, should enable them to provide reasonable payment accommodations for owners, including noncustomers, and, at the same time, to protect themselves from losses.

(b) **Record of identification practice.** The agent at the time of payment should make a notation on the back of the paid security, or in its own records, specifying **precisely** what was relied upon to establish the presenter's identity. The identification practice should be adequate to identify the person under the circumstances of the transaction. Otherwise, the agent runs the risk that no evidence can be developed to show that it acted with due care, in which case it could not be relieved of liability for any loss that might develop.

Request for payment. The following provisions relate to the execution of all requests for payment, whether the security is paid over-the-counter or is forwarded to a Federal Reserve Bank for redemption:

(a) **Execution of request.** The presenter must sign his name exactly as his name is inscribed on the security and show his **current** address in the request for payment, except in the following cases:

(i) Where there are slight errors or variations in the spelling, the request for payment should show the name of the owner as inscribed on the security followed by the correct signature.

(ii) If an owner signs his name to the request by mark, the signature "X" should be identified in the form "John J. Jones (X) his mark," and one person, in addition to the agent's employee paying the security, must act as witness, and should attest thereto in substantially the form: "Witness to signature by mark" and sign his name and show his address immediately thereunder, on the back of the security.

(iii) If an owner's name has been changed by marriage, the owner's signature to the request for payment should be signed in the form, for example: "Mrs. Mary Jones Smith, changed by marriage from Miss Mary T. Jones."

(iv) Securities may be paid to a parent on behalf of a minor owner, not of sufficient competency and understanding, as specified in the regulations.

If a security is presented in person with the request for payment already completed, the owner should be required to sign again immediately above or below the first signature.

(b) **Partial redemptions.** Partial redemption of a savings bond or note, in denominations of $50 or higher, but only in amounts corresponding to authorized denominations, may only be made by a Federal Reserve Bank. In such cases, the words "to the extent of $ _____ (face amount)" should be added to the first sentence of the request for payment and the request should then be completed in the regular manner.

(c) **Payment over-the-counter.** An agent is not required to complete the certification to the request on securities it pays over-the-counter. The submission of paid securities to the Department shall represent a certification by the agent that the identity of the owner requesting payment was dully established.

(d) **Payment by Federal Reserve Bank.** Where a security is being forwarded to a Federal Reserve Bank for payment, the certification form below the request for payment should be completed.

Determination and payment of redemption proceeds.

(a) **Redemption value tables.** Agents will be supplied with tables of redemption values covering bonds of Series A—E and savings notes. Additional tables may be obtained upon request from the Federal Reserve Bank of the district. Care should be exercised to use the correct table for the month in which the particular security is cashed. The public may purchase tables for Series A—E bonds, covering half-yearly periods, from the Superintendent of Documents, U. S. Government Printing Office, Washington, D. C. 20402.

(b) **Payment immeditately prior to maturity or date of increase in value.** If an owner presents a security for payment just prior to the month in which the security increases in value, the agent should, if practical, advise the owner of the fact so that he may, if he desires, **delay** the **payment to the next month** to obtain the increase in value. No agent is authorized to pay an owner the current value of a security and then defer presentation to the Treasury for the purpose of obtaining such increased value for its own profit.

(c) **Payment.** After the redemption value is determined, it may be paid to the owner in cash, or, upon request, by a credit to the owner's checking, savings or share account, or by issuance of a check or similar instrument payable to the owner.

Social security account number. If the social security account number of the payee is shown in the inscription, that number should be underlined. If the number is not shown in the inscription, and if the security is paid in an amount exceeding its issue price, the agent should **request** the owner to write his social security number on the security. If the security is in coownership form, the name of the coowner to whom payment is being made should be underlined, unless it is determined that the funds of the other coowner were used to buy it and his social security account number is furnished. The number should be written on the face of the security below and to the left of the seal.

Payment to minors. A minor owner or coowner may not request payment of securities if he is not of sufficient competency and understanding to comprehend the nature of his act. Because of individual variations, the Department has not laid down any rule as to the exact age at which a minor should be able to cash his securities. If the age of the minor is such that in the opinion of the paying agent the child should ordinarily be able to request payment for himself or, in cases of doubt, the agent may require an interview with the minor.
